Finalists at the Hult Prize competition in London
portsmouth portsmouth, London

Professional Experience

Hyper Media

End of Studies Project (Internship)

2024/02 – 2024/04 | Sfax, Tunisia

As an intern, I worked on conceiving, developing and deploying a E-commerce web application (Electronic shop) for my end of studies project:

- I used UML Diagrams to conceive the entities and their relations for a MySQL Database.
- I used Laravel framework for the backend, HTML, CSS and javascript for the frontend.
